

The Mobile Payment by Sodexo

WHAT IS IT?

Sodexo Pay is a mobile payment solution developed by Sodexo. This is a functionality integrated into the App MySodexo Luxembourg.

WHO CAN BENEFIT FROM IT?

Sodexo Pay is a solution for Android users. The NFC technology must be available on the smartphone you would like to use. You can check it in your smartphone settings.

Access your quick settings:

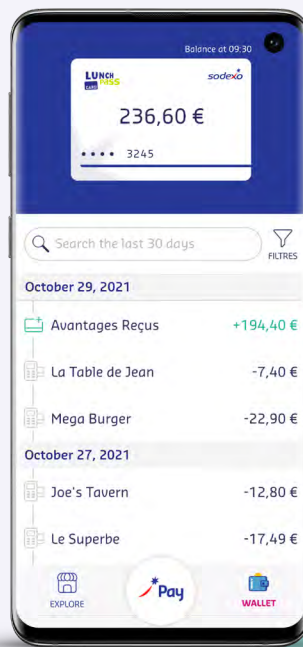

1. Swipe down from the top of the screen twice, to access your quick settings
2. Swipe left to see more options
3. Tap NFC to turn it on

Where can I find the Sodexo Pay function?

The functionality is available on your usual App MySodexo Luxembourg, in its latest updated version. A central button to activate the mobile payment appears.

How to activate it?

To activate, click on the central button "Sodexo Pay", accept the terms of use, validate the activation of mobile payment on your activated Sodexo Lunch Pass card. Congratulations! The central button enables you now to pay with "Sodexo Pay".

Just click on it

HOW TO PAY WITH MY SMARTPHONE?

After having followed the activation process indicated in the previous points, you can pay with your smartphone. To this end, click on the central button "Sodexo Pay", move your phone towards the payment terminal as you would do for a normal contactless transaction, at the beep the payment is made.

DO I HAVE TO KEEP THE MOBILE PAYMENT ACTIVE?

The Mobile payment is active only if you want to. You can decide to activate or deactivate it anytime you want

HOW TO DEACTIVATE THE MOBILE PAYMENT?

You can deactivate the functionality at any time via the menu "Settings" in your "Wallet" and click on "Remove card from Sodexo Pay". You can reactivate it whenever you want, change Mobile Payment PIN and activate/deactivate your Fingerprint authentication.

CAN I USE MY CARD AND THE MOBILE PAYMENT AT THE SAME TIME?

If the two payment methods are active, they can be used simultaneously within the balance and the monthly limit.
